

LEARN TO PAINT WITH ACRYLICS

Have you ever wanted to learn how to paint with acrylics? This is a fun and informative class where you'll learn how to paint your own original works. Instructor John Nagridge will present different and valuable lessons, including:

- *How to mix just 2 to 4 colors to get the exact color you want*
- *How to compose the different elements in your painting to grab the viewer's interest*
- *What tools to use to get many different effects in your painting*
- *How to use artists' tips and tricks to add depth to your painting*
- *How to organize your own process of starting, refining, and finishing your painting*
